

BOERS FIGHTING FOR THEIR HOMES

Attack the British All Along the Border Line.

BATTLE RAGING AT LADYSMITH AND MAEFKING.

British Armored Train Engages 500 Boers With Great Success—Late Reports are to the Effect That Maefking Still Holds Fort Against Attacking Boers—Small Engagement at Gintwa Pass—Important British Moves Pending Which is Kept a Secret.

Cape Town, Oct. 19.—[Special Cablegram to the Gazette]—A courier message from Kimberley says that the British lost two killed in the fighting at Maefking last Saturday.

Dispute, news of the fighting at Maefking is still wanting. The report of Boer reverses there, however, are persistent.

The Boers are advancing steadily across the Drakensberg range to British positions at Natal, and it is quite possible that some of their commands have already come into conflict with the British cavalry between Ladysmith and the passes of the Drakensberg.

As for Maefking, it is generally believed that Col. Baden Powell has fought some sort of an engagement with Gen. Cronje's command, with a result unfavorable to the Boers. The rumor received tonight from a Boer source that the Maefking had shown a white flag in order to deceive the Boers into the belief that the British had surrendered, so far from being generally believed, excites widespread indignation.

A Kimberley dispatch says that Col.onel Hore engaged the Boers around Maefking on Saturday with great success. Maefking was still safe on Sunday. A second dispatch adds that the armored train which reconnoitered north on Saturday engaged 500 Boers, inflicting heavy losses. The British lost two killed and fourteen wounded.

Three hundred Boers were killed in the engagement with Colonel Hore's forces at Maefking.

Five Thousand Men for Africa—Southampton, Oct. 10.—[Special Cablegram to the Gazette]—Five transport leave here tomorrow for South Africa, conveying over five thousand officers and men, including Prince Alexander of Teck, who is major general in the British army.

Important Move is Pending—London, Oct. 19.—[Special Cablegram to the Gazette]—A Ladysmith special reports a small engagement with Boers at Tintwa Pass. An important British move which the correspondents are forbidden to send, is pending.

Fighting Rages Near Ladysmith—Ladysmith, Oct. 19.—[Special Cablegram to the Gazette]—Desultory firing continued all night between the Boers and British outposts at Acton Homes, Battle Raging at Ladysmith.

Ladysmith, Oct. 19.—The British forces came into contact with the enemy in the neighborhood of Acton Homes and Lester's station, about sixteen miles out yesterday. The fire began about 10 o'clock. The British cavalry patrols have been in action at the points named since yesterday and the action is still in progress. A number of casualties have been reported. Supports are leaving the camp and expect to fight today.

Battle Seems Imminent—Camp Glencoe, Oct. 19.—Boer scouts have been sighted at Hattingspruit, seven miles from the British camp, and an engagement is imminent.

FIGHT IN PROGRESS TODAY—Boers Attack the British Forces All Along the Lines.

London, Oct. 19.—The long expected movement on Sir George S. White's position in Natal has begun in earnest. The Orange Free State burghers, who recently made a forward movement in the direction of Acton Homes, southwest of Ladysmith, and who retreated when discovered by Gen. White's force on a reconnaissance, advanced through Tintwa pass Tuesday night and began hostilities by opening with their artillery on small squads of cavalry on the British outposts. The range was considerable, and the shooting of the Boer artillery wild. The outposts were bivouacked at the time some ten miles west and eighteen east of camp. The evident object of the Boers was to attack either, and by the feint to draw the main body of troops from Ladysmith, or prelude their concentration against the town. At any rate the firing lasted a short time, after which the Boers ceased. No casualties were reported.

Later the Boers made another sortie, this time colliding with the cavalry patrols at Acton Homes and Test-

ers Station, southwest of Ladysmith. The firing continued the greater part of the day, and there were several British casualties, the exact number as yet being unknown.

Sir George White is pushing up his supports rapidly, and it is generally believed that a big engagement is coming today.

According to the latest and best information, the Boer army in this vicinity numbers about 15,000 men, of which 4,000 are Orange Free Staters. Sir George S. White's immediately available force in the field is about 12,000. Both the Boers and the Free Staters are supplied with artillery, and probably have a total of thirty guns, against which White has forty-six.

A good force of volunteers has been left to hold Ladysmith. The plan of the Boers is believed to be to advance on Ladysmith and Glencoe simultaneously, the former from Tintwa pass and the latter from Dannhauser. Gen. Joubert arrived at Newcastle last night preparatory to leading his troops in the contemplated attack on Glencoe. Boer scouts have already been seen at Hattingspruit, seven miles from Glencoe.

The Daily Telegraph's Ladysmith correspondent last night cabled: "A force of 2,000 Boers is engaged at Acton Homes. The Boers, as usual, took advantage of the hills, rocks and gullies to hide themselves, but were unable to advance. They used their cannon against our riflemen, who nevertheless maintained a stout resistance. The firing was heavy. It is anticipated that a number of Boers were hit."

"The country about Acton Homes being more open, our mounted volunteers are falling back upon Dewetsdorp."

"It is reported that the enemy there is hemmed in and suffering severely. News from Ladysmith by private information reaches here that the discontent in Swaziland is taking a form hostile to the Boers, who quitted Bremersdorp precipitately. The Boers dread a Swaziland rising. Most of the Dutch settlers in that country are preparing to leave. They have sent their wives and families into the Transvaal."

"More definite news at hand shows the Basutos intend rising against their traditional enemy, the Orange Free State. If so, the Boers holding the Drakensberg passes have serious difficulties to contend with apart from a possible British attack."

The situation in Kimberley is apparently quiet, though Taunga, a town eighty-four miles north, is occupied by the Boers, who destroyed the railway between there and Vryburg. A skirmish has taken place at Riverton, where an armored train from Kimberley fired upon a party of Boers, who were removing rails, and was struck by a shell from one of their guns.

The country about Ladysmith and Glencoe is fairly open for northern Natal, though there may be a heavy task in moving the big guns, which are expected to do the best part of the fighting, at the start, at least.

The British troops in both camps are reported to be in fine fettle and eager for battle.

There is still little reliable news regarding the position of Baden-Powell at Maefking. Reports coming from Boer sources at Pretoria admit that the Boers lost seventy in killed in Tuesday's triple assault.

Commandant Cronje cut off the water supply of the town and began a bombardment.

A new and serious element in the military situation is the rising of the warlike tribe of Basutos, under Chief Mochuko, against the Orange Free State. Should the Zulus follow their example, the position of the republic would undoubtedly be considered weakened.

A native tribe in Zululand, whose cattle had been raided by Boers, applied to Gen. Sir George Stewart White, the British commander in Natal, for permission to make armed resistance. Gen. White refused their request, as he is opposed to the use of colored auxiliaries in the coming struggle.

A parley under a flag of truce seems to have taken place before the bombardment, but Baden-Powell apparently made no proposals satisfactory to the besiegers. That he is not without hope of help appears likely from advice received via Beira, suggesting that Col. Plummer is marching from Tull, in Rhodesia, to the relief of Maefking. Col. Plummer is probably accompanied by an armored train.

Late Pietermaritzburg advices declare that the natives of the Smers-Umvothi district, on the Zululand border, contemplate destroying the railway at Bathas hill, midway between Pietermaritzburg and Durban, thus cutting off communication with all towns. Mounted police are now guarding the line to prevent its destruction.

Markwick of Natal, the native agent at Johannesburg, who left on Oct. 11 with 7,000 volunteers, arrived at Pietermaritzburg after a march full of incident and without bloodshed. Markwick's march covered 400 miles, mostly through hostile territory. The volunteers are mostly Zulus.

For the purpose of suppressing all rebellious promptings of the Natal Dutch and in dealing promptly with suspects, the governor has been urged to declare martial law throughout Natal. The old colonials are mistrustful of the intentions of the Dutch, and urge this course as absolutely necessary to check incipient treason.

REPAIRS for all stoves. Lauphler's.

BURGLARS MAKE A RAID IN BELOIT

GENERAL STORE OF E. W. HOLLOWAY ROBBED LAST NIGHT.

Valuable Articles to the Amount of \$100 Carried Away—Two are Burned to Death—Saengerfest at Green Bay—Adams Will Hold His Job—State News and Notes.

Beloit, Oct. 19.—[Special]—The general store of E. W. Holloway of this city, was entered by thieves last night and jewelry, clothing and hardware were carried away to the amount of \$100.

The store was entered from a rear window, the netting which covered it being torn off and a pane of glass being broken in order that the lock could be reached and loosened and then the window could be raised giving easy entrance to the store. On opening the store this morning Mr. Holloway discovered that the store had been robbed and the jewelry case was entirely empty. Four watches, cuff buttons, chains, studs and buttons were taken. A fine Harrington & Richards double action revolver was also taken.

After searching around he found that overcoats, pants and underwear were also gone. The police are looking into the case.

Reunion of Co. K at Racine. Racine, Wis., Oct. 19.—The attendance at the thirty-fourth annual reunion of Co. K of the Eighth Wisconsin regiment held at the Merchants hotel last night was the largest in the history of the association.

The following officers were elected: President, T. A. Fellows, Genoa Junction; vice president, J. Lawton, Grand Crossing; secretary, W. McPherson, Racine; executive committee, W. J. Smith, J. A. Carey and H. Pritchard, Racine.

Dewey Cannot Come to Milwaukee.

Milwaukee, Oct. 19.—A dispatch from Admiral Dewey was received by H. C. Payne last night reporting that official and other engagements would prevent his acceptance of the invitation to visit this city. The announcement that the hero of Manila would visit Chicago the last of November had aroused expectations and arrangements were under way to have him visit Milwaukee and tender him a joint reception. The news that he will not come is a great disappointment.

Big Deal in Lumber.

Ashland, Wis., Oct. 19.—The Edward Hines Lumber company of Chicago has purchased the McCord sawmill at Superior and \$150,000,000, feet of timber in Bayfield county. The consideration of the mill was \$150,000 and for the timber \$800,000. The timber was bought from E. G. Filer of Manistee, Mich.

Adams Will Not Be Disturbed.

Madison, Wis., Oct. 19.—Gov. Scofield today said that there was no truth in the report that he intended to appoint A. J. Roach of Jefferson county as state dairy and food commissioner Jan. 1. There will be no change in the office as H. C. Adams will serve for his full time.

Returned From the Philippines.

Beloit, Wis., Oct. 19.—Roy E. Ranour of this city, has returned from the Philippines, where he was a member of Co. K, First South Dakota volunteers. He was in eighteen engagements and was wounded once.

Select Miss Jennie A. Gale.

Beloit, Wis., Oct. 19.—Miss Jennie A. Gale of St. Johnsbury, Vt., has been engaged to take charge of Grisdley chapel. She is now assistant pastor in Brownington, Vt., and has had wide experience in general missionary work.

Saengerfest At Green Bay.

Green Bay, Wis., Oct. 19.—The fifth saengerfest of the North Wisconsin district will be held here June 22, 23 and 24, 1900. Notice of the dates have just been received by the local society.

Capt. Andrew Tainter Dead.

Rice Lake, Wis., Oct. 19.—Capt. Andrew Tainter died yesterday in the presence of his family at the Lake View house, in this city, of pneumonia, after an illness of two weeks.

Wedding at Grand Rapids.

Grand Rapids, Wis., Oct. 19.—The marriage of George Wilson Mead of Rockford, Ill., and Miss Ruth Emily Witter of this city, took place at 5 o'clock last evening.

Sioux May Get Troublesome.

Sioux Falls, S. D., Oct. 19.—According to information received from Rosebud and Pine Ridge Indian agencies, the Sioux are greatly wrought up over the report that the practice of distributing hides gratuitously to Indians is to be discontinued. There is a possibility the Sioux may again take up arms against the government as a protest.

American Missionary Association.

Binghamton, N. Y., Oct. 19.—The American Missionary association voted to postpone for one year action on a proposed amendment to its constitution providing for rotation in office every five years of the members of its executive committee.

Federation of Labor to Meet.

Washington, Oct. 19.—The nineteenth annual convention of the American Federation of Labor will be held at Detroit, Mich., on Dec. 11. A call for this purpose was issued Wednesday by the executive council of the federation.

M'KINLEY PLEASED WITH WESTERN TRIP

HE REACHED WASHINGTON SAFE THIS EVENING.

Enthusiasm and Cordiality Which Greeted Him From the Mass of the People Unprecedented—President Feels Sure His Expansion Policy is Endorsed in the West.

Washington, Oct. 19.—[Special Dispatch to the Gazette]—The presidential party arrived here this morning, and all are in good health. The president expressed himself as very much pleased with his reception in the west and considers it a hearty endorsement of his Philippine policy.

Youngstown, O., Oct. 19.—President McKinley is now on his way back to Washington, after one of the most remarkable series of popular receptions ever accorded a chief magistrate of the United States. The final day of his two weeks' trip through ten states was marked by enthusiastic greetings from old constituents who have unbrokenly supported him during his twenty-five years of public life.

President McKinley's special train arrived here at 5 o'clock last evening and the chief executive delivered the last speech of his tour. It is estimated that 20,000 persons were crowded into the narrow space surrounding the speakers' stand. Secretary of the Navy Long and Secretary of the Interior Hitchcock also spoke briefly.

The president supplemented his strong declaration at Minneapolis as follows: "We are in the Philippines. We have acquired that territory: act by contest alone but by solemn treaty and with the sanction of the senate and the national house of representatives. That territory is ours just as any part of the great public domain over which our flag floats. It came to us not of our own seeking. We did not go out after it. We did not send Dewey to Manila to conquer these islands. There is a little rebellion in the island now, but it will be put down, as we put down all rebellions against the sovereignty of the United States."

Possible Trouble with Germany.

Paris, Oct. 19.—A foreign official says that it is generally believed in government circles here that Anglo-German relations are becoming strained. It is declared that the Kaiser's contemplated visit to England was abandoned not for fear of an implied violation of German neutrality, because no such neutrality with reference to the Transvaal conflict really existed.

Massing Before Kimberley.

Cape Town, Oct. 19.—The strength of the southern commands of the Orange Free state is being rapidly massed before Kimberley.

Reports from Lobatsi, thirty miles north of Mafeking, say the burghers of the Marice district are hourly expecting a fight with an armored train sent down from Rhodesia.

Gen. Joubert and the main Transvaal column have followed Gen. Kock into Newcastle, which the commander in chief now makes his headquarters. No resistance has been offered to the Boers' occupation of northern Natal. About 100 of the inhabitants, mostly women and children, remained.

Bryan and McLean the Ticket.

Kansas City, Mo., Oct. 19.—Congressman Champ Clark of Missouri, who will go to Kentucky next week to stump the state for Goebel, in an interview here last night predicted that Bryan and McLean would head the democratic ticket in 1900, if McLean wins in the Ohio campaign this fall.

Woman Disqualified for Office.

Lansing, Mich., Oct. 19.—Mrs. Morrie Hoover Abbott will not be allowed to fill her function of prosecuting attorney of Ogemaw county, to which position she was elected at the last general election. She qualified for the office and still holds it, but the supreme court of the state has decided that no woman can legally hold an elective office in Michigan, and Mrs. Abbott will be compelled to make room for a successor who has the franchise to vote.

Michigan Copper Industry Booming.

Houghton, Mich., Oct. 19.—The copper mines of Upper Michigan are now giving employment to 13,561 men, and it capable miners could be secured, the number would be considerably increased. Of this number all but 500 are employed in Houghton county. These figures are according to the census taken by the mine inspectors of Houghton and Ontonagon counties.

Philippine Commission Arrives.

Vancouver, B. C., Oct. 19.—Professor Dean C. Worcester and Colonel Denby of the Philippine commission have arrived here. The gentlemen are extremely reticent touching their mission to America's new possessions. In fact, they declined to discuss the Philippine question in any of its bearings, preferring to remain silent until they have communicated with President McKinley at Washington.

Farmer Kills His Entire Family.

Redwood Falls, Minn., Oct. 19.—Frank E. Babcock, a farmer living near this city, murdered his wife and three sons on his farm late last evening. The murder was committed in a fit of insanity. After accomplishing the death of his entire family, he killed himself.

TWO ARE BURNED TO DEATH

Terrace Beach Casino at Green Lake, Wis., is Destroyed by Fire.

Green Lake, Wis., Oct. 19.—A fire in the Terrace Beach Casino last night caused the death of Mr. and Mrs. S. R. Jenks, who have occupied rooms on the third floor of the building since its completion in July. The property loss is from \$40,000 to \$50,000 and is owned by W. S. Meyer.

Mr. Jenks was the father of Mrs. Meyer and was about sixty years of age. His wife by a second marriage was about 25. The cause of the fire is an absolute mystery and there is a strongly entertained suspicion that it was due to incendiarianism.

DEMAND THAT THE WAR BE ENDED

ANTI-IMPERIALISTS ADOPT RESOLUTIONS AT CHICAGO.

Will Petition Congress—Burke Cockran Closes the Meeting With an Address Denouncing the Policy of the Administration—To Form a Literary Bureau—Text of Petition.

Chicago, Oct. 19.—Bourke Cockran made a notable anti-expansion speech in Central Music hall last night to a vast audience of anti-imperialists, that voiced their approval in thunders of cheers.

Mr. Cockran scored first with a question: "Shall we lead civilization to its higher destiny or turn our back on our own ideals?" and the pit thrilled with enthusiasm when he shouted "No."

Not all the 3,000 were friendly to the speaker. Twice or thrice McKinley's name got a round of cheers. Once a voice from the gallery answered "Trusts" when Mr. Cockran wanted to know what the flag stood for in the United States. "A man right under the speaker's eye answered a eulogy of Aguirre with a defiant 'He commenced the fighting,' and stood up when the galleries taunted him in reply.

Congressman Towne of Minnesota, and J. Sterling Morton of Nebraska, also made addresses.

The resolutions adopted by the conference follow:

"We hold that the policy known as imperialism is hostile to liberty and tends toward militarism, an evil from which it has been our glory to be free. We regret that it has become necessary in the land of Washington and Lincoln to reaffirm that all men, of whatever race or color, are entitled to life, liberty and the pursuit of happiness. We maintain that governments derive their just powers from the consent of the governed. We insist that the subjugation of any people is 'criminal aggression' and open disloyalty to the distinctive principles of our government.

"We earnestly condemn the policy of the present national administration in the Philippines. It seeks to extinguish the spirit of 1776 in those islands. We deplore the sacrifice of our soldiers and sailors, whose bravery deserves admiration even in an unjust war. We denounce the slaughter of the Filipinos as a needless horror. We protest against the extension of American sovereignty by Spanish methods.

"We demand the immediate cessation of the war against liberty, begun by Spain and continued by us. We urge that congress be promptly convened to announce to the Filipinos our purpose to concede to them the independence for which they have so long fought and which of right is theirs."

The work of forming an anti-imperialist league was left to a special committee with power to act and to add to its own membership. The committee will arrange for an effective combination between the sixty existing local leagues of this country, and for affiliation with them of the special anti-imperialist work of already existing societies.

A literary propaganda will be especially provided for. Headquarters will be established, probably in Chicago, Washington and Boston, and arrangements will be made for another national conference next spring, when the condition of national politics will be carefully investigated and plans formed for influencing the national party conventions.

The petition to congress for circulation throughout the United States is as follows: "We, the undersigned citizens of the United States of America, respectfully petition your honorable body to bring about an immediate cessation of hostilities in the Philippine islands, and to announce to the people thereof that it is the purpose of the United States not to interfere with their aspirations for independence or to subject them to our authority, but only to aid them in setting up an independent government of their own choice, and to protect them against hostile foreign interference and to assist them with the military and naval forces of the United States so far as may be required in the maintenance of order and security until such a government shall be established."

Kansas Volunteers to Vote.

San Francisco, Oct. 19.—It is announced that the Kansas volunteers will be mustered out Oct. 28. This will permit them to reach home to vote in the coming election.

COLUMBIA LED THE SHAMROCK

Mile and a Half Ahead at Half Way Point.

WIND FAILED AND THE RACE IS DECLARED OFF.

The Defender Again Demonstrates That She is the Best Boat in a Heavy Breeze—Got Away From the British Boat on the Start With a Rush—When it Began to Calm the Shamrock Drew up and Closed the Gap Very Fast.

New York, Oct. 19.—[Special Telegram to the Gazette]—Race has been declared off. Boats could not make time limit.

Highlands, N. J., Oct. 19.—[Special telegram to the Gazette]—The weather conditions this morning could hardly have been more perfect for another race between the Shamrock and Columbia. A twelve knot breeze blew from the northwest and the haze had disappeared. Bright and early ready for the race both of the yachts' crews were up with the sun.

The Shamrock was resting a little lower in the water due to a ton and a half of ballast placed in her yesterday and she did not show a mark of her unfortunate accident of Tuesday.

The official figures giving the measurements of the Shamrock were made public this morning. The Challenger's ballast has increased her water line more than a foot and the Shamrock must now allow the Columbia sixteen seconds. In the previous races the Columbia had to allow the Shamrock six and three tenths seconds.

The fleet of excursion boats and steam yachts that left the city this morning for the scene of the race is larger than it has been for some days. The general belief is that today's race would be the last of the series responsible for the increased interest in the race. The preparatory signal was fired at 10:45.

The Columbia crossed the line at 11:13 and the Shamrock at 11:16. The Columbia fairly tore through the water and gradually widened the gap between her and her rival. In the first five minutes there was no material change in their positions.

At 11:30 the Columbia, evidently favored by stronger puffs of wind, pulled away from the Shamrock widening the gap to a mile and a half. Soon the wind died down to six knots and the racers may not be able to finish in the time limit.

At 11:45 the Shamrock had shut down the lead a little and was hanging on like grim death.

At 1 o'clock the Columbia was still well in the lead. Nothing short of a phenomenal blast of wind can bring the yachts to the finishing line before the time limit expires. The wind was flustering and gasping in a three knot breeze and great stretches of soft spots in the ocean showed the wind off shore even worse than it was at the Highlands.

At 12:05 both boats set their spinners, squared away and headed directly for the turning point. The change of sail and direction of sailing was a great benefit to the Shamrock which caught up rapidly until at 12:10 her bow was abreast of the Columbia's stern.

The Columbia was three-fourths of a mile ahead at the rounding of the stake boat. The breeze is still uncertain.

FORECAST OF WEATHER

Chicago, Oct. 19.—[Special]—Forecast for Wisconsin: Probable showers tonight and Friday.

ANDREW ANDERSON INJURED

Collides with Rig While Riding His Bicycle Last Evening.

While riding his bicycle on South Main street last evening, Andrew Anderson accidentally collided with a rig. He was thrown beneath the horse and badly but not seriously, cut.

The fire patrol was summoned and the young man was removed to his home. Anderson works at the Janesville Machine company's works.

Story of Edison.

Thomas Edison's absent-mindedness about every-day affairs is proverbial. He goes to New York at least three times every week, and yet last week forgot to purchase a ticket each time. When he does manage to remember this little necessity for travelers the ticket is generally covered with minute and intricate calculations by the time the conductor comes to collect it.

Religion in English Politics.

A plan has been adopted in England for political purposes, in which in every constituency a Protestant hundred is organized to promote the return of Protestant members to parliament.

PROF. KUMLEIN'S BIRDS AND FISHES

THE NOTABLE COLLECTION OF
A WISCONSIN BOTANIST.

A Student For Years at the Fisheries of
the Great Lakes and New England
Coast—Two Years in the Arctic
With the Howgate Expedition—
Now a Teacher in Milton College.

Ludwig Kumlien, M. S. professor of
physics and natural history in Milton
college, was born on the Kumlien home-
stead, Summer, Jefferson county, Wis.
In his youth he attended Albion acad-
emy, graduating there, and then spent
four years in the state university. Soon
after he entered the services of the
United States as an assistant in the fish
commission and was also an assistant in
the Smithsonian Institute at Washing-
ton. He was a special agent of the
Tenth census and spent two years on the
fisheries of the great lakes, St. Lawrence
river, Naragansett and Buzzard's bays
and Long Island sound—in fact his
work in this line covered most of the
states and territories of the Union.
Prof. Kumlien is associate author of
"N. A. Food Fishes," with Dr. G.
Brown Goode, President David S. Jordan
of Leland Stanford university, Dr.
Tareton Bean and others. He was natu-
ralist of the Howgate Polar expedition,
spending two years in the Arctic regions
and Prof. Baird in a letter says, "Kum-
lien accomplished more for science than
the entire Norse expedition," an evi-
dence that his labors were of great value
and highly appreciated by the govern-
ment.

In 1891 Prof. Kumlien accepted his
present position in the faculty of Milton
college, and his work as an instructor
has been eminently satisfactory to both
his associates and the students. He has
made natural history collections for a
number of museums in this country and
Europe, as well as for private individ-
uals, and for the past four years has done
group mounting for various museums,
including our state normal schools and a
number of leading high schools.

His collection of natural history
specimens is very large, embracing be-
tween 3,000 and 6,000 bird and mammal
skins, all North American, and an egg
collection of over 500 species of North
American birds, and what is more nota-
ble, there is not a doubtful egg in the
entire collection. The skin
collection comprises sixty-six species of
the warblers of the United States, nearly
all the hawks, owls, ducks, geese, wood-
peckers, waders and fitches, most every
species of Wisconsin birds, embracing
365 species, of which number the pro-
fessor has added more than thirty to the
list himself. His birds are mounted in
groups, representing male and female,
nest and eggs, often also winter plum-
age and young, and with enough of the
natural surroundings to give an
idea of the bird's habits.

In mounting fish he uses his own
peculiar and distinctive method. The
fish are sketched and painted while
alive and colors reproduced after mount-
ing, making them absolutely life-like.

Prof. Kumlien, no doubt, inherited
his love for natural history and botany
from his father, the late Thure Kumlien
and a biographical sketch of that noted
scientist will not be out of place in this
article.

Thure Kumlien was born Nov. 9,
1819, in Harlunda, Vastergotland,
Sweden, and died Aug. 5, 1888. His
father, who was a quartermaster
in the Swedish army, owned sev-
eral large estates in that part of the
country. Kumlien, having received his
first instruction from a private tutor,
entered college at Skara, and subsequently
attended the university at Upsala, grad-
uating in 1843.

In 1848, shortly after having com-
pleted his studies at Upsala, Kumlien,
then but twenty-four years of age, emi-
grated to America, accompanied by his
young wife. They came at once to Lake
Koshkonong, Jefferson county, having
decided upon this locality without any
previous knowledge of the place, but
merely from a study of the map for a
locality affording facilities for the pur-
suit of his favorite studies.

Several scientific associations in the
eastern states had their attention drawn
to the young naturalist, who had con-
coaled himself from the eyes of the world
in an insignificant cottage in the west-
ern wilderness. During the first twenty
years after his arrival at Koshkonong
he was engaged in making collections
in many branches of natural history for
several large museums, both in Europe
and in this country. Among the insti-
tutes whose collections he thus enriched
are the celebrated museums in Stock-
holm and Leyden, the British museum
in London and the Smithsonian Insti-
tute in Washington. In 1867 he was
instructor in botany and zoology in
Albion academy, remaining for several
years.

Later he was employed in forming
and arranging collections for the Uni-
versity of Wisconsin and Normal schools.
From 1883 to the time of his death he
held the position of conservator of the
public museum in Milwaukee. Kum-
lien received several honorary degrees
from institutions of learning, and was

corresponding member of several sci-
entific societies in Europe and America.
He was a man of "most refined tastes,
without any of the extravagant desires
which such tastes often engender. He
was satisfied to live most simply a life
which philosophers might envy. Higher
than his intellectual accomplishments
rose his moral qualities. The leading
features of his character were harmles-
ness and truthfulness."

ORGANIZE FOR GOOD ROADS

Sixth District Association in Convention
at Oshkosh Elects Officers.

Oshkosh, Wis., Oct. 19.—The Good
Roads association of the Sixth Wiscon-
sin district, in session here, completed
the following organization last night:
President, W. H. Englebright; vice
president, Irving Tuttle of Omro; sec-
retary and treasurer, Leo Haben of this
city. Resolutions were adopted that it
is the state's duty to originate a com-
prehensive system of public roads and
promote the same through cooperation
with the various counties, and by annual
appropriations.

A public meeting was held in the af-
ternoon at which addresses were made
by Congressman J. E. Davidson, who
presided; Thomas M. Blackstock and
City Clerk Maynard of Sheboygan, and
General Harrison and General Stone,
the government experts.

Green Bay, Wis., Oct. 19.—The Dis-
trict Good Roads convention is being
held in this city today.

Waukegan, Wis., Oct. 19.—Chairman
A. J. Frame of the Good Roads com-
mittee has the arrangement well in hand
for the convention to be held here next
Saturday. It is anticipated a permanent
good roads association will be formed,
which will include branches in each town,
village and city in the county.

HELPS THE COTTON GROWERS

Senator McLaurin Favors the Retention
of the Philippine Islands

Washington, Oct. 19.—Senator Mc-
Laurin of South Carolina is out in a
letter of great political significance. He
declares himself for the retention of the
Philippines as the only sure means of
maintaining and extending the trade of
the United States in China. He points
out the importance of this policy to the
cotton growers and the cotton manufac-
turers of the south.

This public declaration, taken in con-
nection with the crusade of Senator
Morgan of Alabama along the same
line, is indicative of a change in south-
ern sentiment on expansion that prom-
ises to be well developed before the next
presidential campaign begins. The south
is awakening to the fact that its cot-
ton must look to the Orient for the ex-
pansion of its market, and the Philip-
pines are the open door to that eastern
world.

RIOT CALL SAVES "DR." DOWIE

Medical Students in Chicago Felt the
Faith Healer During a Lecture

Chicago, Oct. 19.—John Alexander
Dowie was mobbed last night by 2,500
medical students, who pelted him with
bottles of nitride of ammonia during the
opening of his abusive lecture on "Doc-
tors, Medicine and the Devil" at Zion
tabernacle, Pauline and Madison streets.
He had issued a call for 10,000 students
to greet him and they came. Hundreds
of ounces of ammonia, dozens of ill-
smelling eggs and other objectionable
missiles were wasted by the students as
an expression of their regard for the
snow-haired faith "doctor." It spattered
his clothes and he was compelled to call
upon the police to get him out of the
mob.

Somnambulist Starts on a Squirrel Hunt

From the Cincinnati Enquirer: John
Williams, a young farmer of West Uni-
on, is an expert squirrel hunter, and
is also afflicted with somnambulism.
Saturday at daybreak he awakened to
find himself at the edge of a wood half
a mile from home. He was in his
night garb, and was carrying his gun.
He had evidently started on a squirrel
hunt.

Flowers in the Ice Boxes.

A French scientist has made some
plants "artificially Alpine" by keeping
them in an ice box all night and ex-
posing them to the full action of the
sun during the day. As a result the
leaves do not grow so large, and be-
come darker in color, while the flowers
grow larger and are of a brighter
color.

Latest in Playing Cards.

In order to be strictly in line with
the latest fancy it is necessary to have
your playing cards made to order. In
the east it is quite the thing for the
hostess at a card party to surprise her
guests by supplying them with cards
on the back of each of which is a re-
production of her own photograph.

Lake of Boiling Mud.

Near Grobogan, Java, there is a lake
of boiling mud about two miles in
circumference. Immense columns of
steaming mud are constantly ascending
and descending and on the western
edge the gigantic bubbles are continu-
ally forming and exploding at the rate
of three a minute.

Death Rather Than Bath.

New York Journal: Rather than take
a bath Giacano Moredo hanged him-
self in the Hudson County (N. J.) jail.
He had refused to bathe and commit-
ted suicide when preparations were
made to scrub him forcibly.

Nerves and Flannels.

A medical expert contends that out
of 1,000 girls studying the piano before
the age of 12 about 600 are afflicted
with nervous troubles in later life.

COUNTY INSANE ARE EXPENSIVE

ROCK RECEIVES \$14,035.83 FROM
STATE BOARD.

Insanity More Expensive Than Average

Tax Payer Thinks—Case of the
Chronic Insane in This County Alone
Reaches a Vast Sum Each Year—
State Expense of \$354,489.29.

Rock county has just been allowed
the sum of \$14,035.83 by the state of
Wisconsin to aid in maintaining her
county insane asylum.

The state board of control has finished
auditing the annual accounts of the
county asylums for the fiscal year end-
ing Sept. 30. The total amount to be
paid to the counties by the state for the
maintenance of the insane for this time
will be \$354,479.29. Of this amount
the state pays \$205,065.99. The coun-
ties which have no insane asylums of
their own and whose chronic insane are
cared for in the asylums of other coun-
ties, contribute to the amount paid out
by the state \$89,418.30. Of the amount
paid by the state \$34,037.41 is for state
at large patients, that is, patients who
have no legal residence in any particular
county.

The state allows to every county
maintaining an insane asylum \$1.50 a
week toward the cost of caring for each
patient who is a resident of that county.
Twenty-six counties maintain asylums
and care for their own insane. The
rest of the counties have their insane
cared for in the asylums of counties hav-
ing such institutions. The counties
having asylums receive for caring for the
outside patients \$3 a week and their
clothing. Of this \$3 the state pays
\$1.50 a week and the county in which
the patient belongs pays an equal
amount. The amount paid each of the
twenty-six counties having asylums
varies from \$8,000 to \$23,000 a year.

SOME LOCAL SOCIAL DOINGS

Mrs. F. H. Jackman Entertained Sixteen
Lady Friends Last Evening.

Mrs. F. H. Jackman entertained six-
teen lady friends last evening at her
socialist street home, the invited guests
being members of a social club.

Next Tuesday afternoon supper will
be served at the Buckleton links. Miss
Belle Carpenter of Chicago, has donated
a golf prize to be offered for a ladies
handicap match.

At the spacious Forest Park home of
Mr. and Mrs. I. C. Brownell last eve-
ning was celebrated the thirtieth anni-
versary of their wedding. Neighbors
and a few friends helped in the festivi-
ties and tea was served at 6 o'clock.

Cleaning Small Glassware.

Tumblers and wineglasses should be
washed in hot water and rinsed in
cold, and should be dried with a clean
cloth as soon as possible. After they
have been wiped perfectly dry they
should be polished with tissue paper.
To clean water bottles, keep the shells
of eggs and break them in small bits;
put them in the bottles with a little
water and soap and shake hard a few
times. The result will be new-looking
bottles. These can also be polished
with tissue paper with excellent re-
sults.

Housemaid as Teacher of the Viola.

A Melbourne housemaid's employer
has just discovered that her neat-
handed Phyllis is a teacher of the vi-
olin in her spare hours. Phyllis has let-
ters addressed to her as "professor of
music." A Sydney papers remarks that
George Gissing's prophecy that the
woman of the future will be able to
turn from a page of Sophocles to the
boiling of a potato seems about to be
realized.

Smokeless Powder Flashes.

An electrical engineer has made a
telescope by which it will be possible
to detect the locality of smokeless pow-
der explosives. He has used brownish-
red lenses, which shows up the very
pale flash—practically invisible in the
daytime—as though it were an ordi-
nary flame.

The Moth and the Candle.

Moths fly against the candle flame
because their eyes can bear only a
small amount of light. When, there-
fore, they come within the light of a
candle their sight is overpowered and
their vision confused, and as they can-
not distinguish objects they pursue the
light itself and fly against the flame.

THEIR THIRD ANNUAL BALL

Delightful Social Function Given at the Armory Last Evening.

At the Armory last evening the third annual ball given under the auspices of the Ladies' Auxiliary to the Brotherhood of Railway Trainmen, took place. The hall was decorated for the occasion by a generous display of flags and bunting; and locomotive headlights were placed on the balcony. Smith's orchestra furnished excellent music, and it was near 3 o'clock this morning when the last waltz was played.

The ladies of the auxiliary are to be congratulated on the occasion of their third annual.

The reception committee consisted of Miss Margaret McCue, Mrs. J. W. McCue, Mrs. Ida Castillon, Mrs. James Gallagher and Mrs. M. M. Norton.

The floor committee consisted of J. J. Dulin, Morris P. Dee, Daniel Davey, M. M. Norton, James Dee and A. Thatcher.

Porter News Notes.

Porter, Oct. 18. Mrs. Margaret McCarthy is visiting her daughter, Mrs. W. Bradley in the town of Fulton. Miss Maud Tracey and brother Charles were guests of Miss Maggie Kennedy on Sunday. Eagle creamery is operating every other day since the first of the month. Mrs. Frank Coughy, of Edgerton, was a caller on Friday. Quite a severe hail storm visited the southern part of the town on Friday evening, window panes in nearly every house were broken. Frank Mulligan and Johnnie Ford spent Saturday and Sunday in Janesville. Mr. and Mrs. Jas. Murphy of Footville spent Sunday with friends. Mrs. Mosher and son Frank returned home last week, after a couple of weeks visit in the west.

McClelland Is Much Better.

Springfield, Ill., Oct. 19.—Gen. John A. McClelland was improved Wednesday. He passed a more restful day than he has since the time he first became ill. Dr. C. M. Bowcock says he believes the general will recover, but will probably never be able to leave the house, as his illness will leave him very feeble.

Governor Will Welcome Volunteers.

Des Moines, Iowa, Oct. 19.—Gov. Shaw has decided to go to San Francisco to meet the Fifty-first regiment. The dispatches indicating fears that the transport Senator, on which the Fifty-first Iowa is coming, may have suffered on account of heavy weather, is causing great concern.

Find Silver in Illinois.

Olney, Ill., Oct. 19.—An eighteen-inch vein of silver was found on the farm of C. C. Bailey, near Parkersburg, ten miles south of this city, and citizens are much excited. William Combs brought in a fine specimen of gold found on his farm.

She washes her delicate laces
With Ivory Soap suds, soft and warm;
The frailest in bottles she places
And shakes them—it cannot do harm.
If thoroughly rinsed with clear water,
They're wholly uninjured when dry.
Because, as experience has taught her,
Ivory Soap has no free alkali.

The vegetable oils of which Ivory Soap is made fit it for many special uses for which other soaps are unsafe or unsatisfactory.

COPYRIGHT, 1898 BY THE PROCTER & GAMBLE CO., CINCINNATI

WERE WAKED UP BY BRYAN.

Kentucky Democrats Roused for Their Party's Success.

Cincinnati, O., Oct. 19.—William J. Bryan ended his three days' tour through Kentucky with a big rally at Covington, William Goebel's home county.

The Goebel Democrats declare that Mr. Bryan has succeeded in stirring up the Democrats in those counties which are so thoroughly Democratic that the Democrats have grown "party" lazy and do not turn out to vote except when the election is of great importance. They say if all the Democrats in the state vote Nov. 7 Goebel certainly will be elected by a large majority.

Mr. Bryan in his speech at Louisville gave his auditors to understand that he wanted Kentucky to be carried by the Democrats this fall so that the Democrats of the country could believe that Kentucky's electoral votes next year would be cast for a Democrat. He said he stood for any man nominated on the Chicago platform by a regular party convention.

The day's Kentucky work began at Junction City, and ended at Covington. Good-sized crowds greeted Mr. Bryan at Harrodsburg, Lawrenceburg and Shelbyville.

Last night Urey Woodson, the manager of the Bryan tour and a member of the Democratic national ways and means committee, left for New York to see Richard Croker. It is understood the Democratic campaign fund has something to do with Mr. Woodson's Eastern visit.

ONE KILLED, NINE INJURED.

Members of an Iowa Charivari Party Victims of a Grade Crossing.

Seymour, Iowa, Oct. 19.—One person was killed and nine others were injured, several probably fatally, in a grade crossing accident here Wednesday. A wagon in which were ten young men bound across the country to charivari a newly married couple was struck by an east-bound meat train on the Rock Island road and knocked from the track. Will Cupples was killed outright and the following were injured:

Arrison, Norlan, bruised and cut on head; severe.
Arrison, Orin, two scalp wounds.
Bueler, Asa, injured in spine and hip.
Darrah, David, shoulder, spine and hip.
Gunter, Harlin, scalp wound, injured in spine; severe.
Handlin, James A., slight injuries.
Hostutler, Earl, struck on head; unconscious.
McReynolds, J. L., slight injuries.
Peers, J. M., slight injuries.

Fears for the Iowa Regiment.

Victoria, B. C., Oct. 19.—The steamer Empress of India, which has reached here from Japan, has completed the roughest trip of her forty-three voyages. The second day out from Yokohama she encountered a typhoon which smashed all telegraphic communication between the engine room and the bridges, and destroyed some of the boats. The storm continued unabated all day and night. Fears are expressed by the officers for the transport steamer Senator carrying home the Fifty-first Iowa regiment. She left Yokohama for San Francisco eight hours before the Empress, and, having immense upper works, would fare badly in a gale.

SHALL WE CONTRACT?

Chicago Inter Ocean—President McKinley said in Iowa: "The Philippines are ours, with all the responsibilities that go with ownership." In all his speeches in Iowa and Wisconsin the president emphasized the point of ownership—the fact of possession. He pointed out that the question before the people was not so much expansion as contraction.

We have expanded. Porto Rico and the Philippines have been annexed. The question is: "Will the American people give up annexed territory?" For himself the president answered: "We will not withdraw the flag, because the territory over which it floats is ours by every tenet of international law and by the sacred sanction of the constitution of the United States." At another point he said: "I am not one of those who would take a laurel from the brow of the American soldier or a jewel from the crown of American achievement." At Galena, Grant's home, he said: "In war, unconditional surrender was Grant's requirement, and after war his constant and most fervent prayer was for the peace of his country." The policy of Grant, the president said, would be pursued in the Philippines.

As his western tour has proceeded, the president has seemed to come nearer to the questions in the minds of the people, and has given more definite answers. He has stated plainly his position, and the significant feature of the tour is the wonderful responsibilities of the people and their eagerness to have the president understand that they approve of his policy.

Cognizant of what anti-annexationists have said, and realizing that the people have a right to know what he proposes to do, the president has been explicit on every point. His only mention of the word imperialism was when he said: "Our flag waves in the Philippines not as a banner of imperialism, not as a symbol of oppression, but it waves, as it waves here and everywhere, the flag of freedom, of hope, and civilization." Every genuine American believes this. Even those that are posing as anti-expansionists believe it in their hearts.

The president has asked the people if they will stand by the flag, and he has their answer. He has asked the people plainly if they want the government to retire from the Philippines, and they have shouted in chorus, "No."

The "Anti-Imperialists" want congress convened at once to offer the Philippines their independence. The Philippine Islands are the absolute property of the people of the United States. This being the case, what can congress do? Can congress bestow "independence" upon the state of Wisconsin, and allow the people of the Badger state to form a republic of their own, independent of the national government? The two cases are parallel. Congress can do no more, and no less, with the Philippine islands than it can do with Wisconsin.

A Rock county boy who has been fighting the Filipinos, says that his Uncle Sam fed him well, and cared for his comfort, although soldiering is soldiering, and play is play. The complaints about the management of the army are generally made by people who never wore the blue, or shouldered the gun. No man who enlisted because of a love for his country, that we know of, has had a grievance.

The Anti-Imperialists should not get unduly excited. The country isn't going to pot for a day or two yet. When the question of expansion is settled, some other question of equal importance will turn up. Save your energy and your breath, gentlemen. You may have greater need later on.

Con Corcoran, the democratic president of the Milwaukee common council, is an out-and-out expansionist, and hurrahs for the American flag. Con is all right. In fact, he's a "corker."

President McKinley, tried to prevent war, but when a majority of the people favored war, war was declared. President McKinley will not do anything

"without the consent of the governed." The people of the United States are "the governed," not the Filipinos. The latter will not be "the governed" until they lay down their arms.

Sir Thomas Lipton is getting a great deal of credit for maintaining an unruffled composure, but the fact remains that the language that he may use in the privacy of his steam yacht would hardly be telegraphed to the papers anyway.

The Venezuelan officers decided that they didn't want the guns of the Detroit turned loose upon them. They well knew that every shot would count, and that every American sailor is a Dewey.

Contractor Watson is making rapid progress on West Milwaukee street, and every merchant whose store is on that thoroughfare is congratulating himself on the fact that "Watson is a hustler."

However, the Hon. O. Corcoran is not the only "corker" in Milwaukee. There are others, and all have done their share to make Milwaukee famous.

Boston is no longer the "hub of the universe". The honor is equally divided between Cape Town, Pretoria, and the Highlands.

The "brilliant exhibitions of news paper enterprise" are naturally confined to the newspapers that are enterprising.

Considering the fact that Sir Thomas sells ten, he seems to experience a good deal of trouble in "teasing off."

Constant Reader—You are right. The Shamrock is not a four leaved clover.

However, no one has yet accused Ex-Governor Hogg of being a Boer.

DELEGATES ARRIVE
THIS AFTERNOON

CHRISTIAN ENDEAVORS HERE
IN GOODLY NUMBERS.

Reception Committee Were on Hand to Care For All—Meetings to be Held in the Congregational Church—Names of Chairmen of Different Committees.

Delegates to the thirteenth annual Wisconsin State Christian Endeavor convention arrived in this city this afternoon on incoming trains from all portions of the state.

Tomorrow the greater portion of the delegates are expected, and by evening it is estimated that in the neighborhood of three hundred will be in the city.

Members of the reception committee are looking after the visitors, and there will be no trouble in caring for all.

At the Congregational church this evening at 7:30 o'clock, the convention will open by the giving of a lecture by D. J. Wilbur Chapman, the well known preacher of New York City. John M. Whitehead will act as presiding officer. Music will be furnished by a choir of one hundred voices in charge of Mrs. W. S. Jeffris.

The interior of the church has been handsomely decorated by a committee under the able leadership of Miss Nellie Smiley. The colors of the conventions—purple and white—are to be seen on all sides. Potted plants and flowers also lend beauty to the scene. Two mottoes, worked in letters of purple and white, are suspended in the church.

In front of the large church organ are the words, "For Christ and the Church." In the rear of the auditorium are the words, "Wisconsin For Christ." The Sunday school rooms of the church will be used by the committees on reception, entertainment and transportation. The parlors of the church, on the first floor, will be used by members attending the Junior convention.

The Presbyterian and Baptist churches will be utilized by the delegates. Both edifices have been decorated in the national colors. All delegates will have their meals at the Windsor hotel.

Following are the state officers of the Union:

Fred R. Barber, President, Warrens.
W. A. Holt, Treasurer, Oconto.
Fanny Jackson, Secretary, Janesville.
W. D. Gibson, Supt. Missionary Dept. Appleton.
Miss Ella M. Brown, Supt. Junior Dept. Eau Claire.
Alex. E. Matheson, Supt. Christian Citizenship, Dept., Janesville.
James O. Buswell, Supt. Evangelistic Dept., Mellen.
Miss Susan M. Drow, Chairman Correspondence Committee, Milwaukee.
Alton G. Jennings, Chairman Transportation, Appleton.

Following are the chairmen of the different committees in charge of the thirteenth annual meeting:

Alex. E. Matheson, Chairman.
Fannie R. Jackson, Secretary.
Frank A. Spoon, Finance and Transportation.
Nellie E. Harrington, Entertainment.
H. J. Cunningham, Printing and Press.
C. S. Cleland, Commissary.
Katherine Stoddard, Junior.
Miss E. F. Lewis, Organist.
C. Louise Hanson, Reception.
Nellie Smiley, Decorations.
Prof. J. S. Taylor, Music.
Charles W. Reeder, Places of Meeting.
Mrs. W. S. Jeffris, Chorus Leader.

COMMENCING Oct. 19, the C. M. & St. P. Ry. will run a Pullman tourist car through to Los Angeles, Cal., without change, via the popular Midland route, leaving Chicago every Friday evening, connecting at Sacramento with a through car to San Francisco. For further information apply to agents of the C. M. & St. P. Ry.

A REAL MAJESTIC TREAT

AND THE LADIES GET A HANDSOME SOUVENIR.

You would not think of using old-fashioned farm implements, made of cast iron. Of course not. You want the best—malleable iron.

Then don't ask your wife to use an old-fashioned cast iron cook stove, or a so-called "steel" range, which is little better. Get her a modern range—the

Great Majestic Malleable Iron Range,

The kind that lasts a lifetime, saves fuel, repairs, time, work, and gives quick, dependable results and an abundance of hot water. Get the best; it's to your interest as well as hers. We've arranged to have a man; direct from the factory, at our store next week only, from

MONDAY, OCT. 23, TO SATURDAY, OCT. 28,

to show our friends that the Majestic will bake biscuits in three minutes. Think of it!

We are going to give, absolutely free, a full set of Majestic Cooking Ware (17 pieces)—worth \$7.50, and cheap at that—to all buyers, that week only.

ERECT DEPOT ON WEST SIDE

President Earling Here
Yesterday.

EX-PRESIDENT MILLER AC-
COMPANIED HIM.

General Manager Collins Was Also
in the Party—When the Milwaukee
Road Builds Here. They Will Have
Their New Passenger Station
Placed on the West Side of the
River—Officials Who Know Where
of They Speak.

Abroad their own special train, con-
sisting of two coaches and an engine,
the following officials of the Chicago,
Milwaukee & St. Paul railroad arrived
in Janesville yesterday afternoon at 4:55
o'clock.

President A. J. Earling.
Ex-President Roswell Miller.
General Manager W. G. Collins.
Division Superintendent Earling.

For ten minutes the distinguished
party of railroad officials remained in
the Bower City transacting business of
a private nature with the local officials.
When the special came to a stop the
first man to alight was President Earling.

To a Gazette man he courteously re-
plied to questions asked of him:

"You can quote me as saying that
'eventually' the city of Janesville will
have a handsome new passenger station
to take the place of the present one.
I can also assure you that this station
will not be built on the east side of Rock
river but will be erected on the west
side. Just when or where I am at
present unable to state. Janesville is
one of our best towns. In regard to
the Milwaukee road running a new line
into your city that will also come
'eventually.' We now have the new
line well under way but when it will
reach Janesville is a question that I am
unable to answer."

At 5:05 o'clock the handsome special
pulled out of Janesville for Madison in
charge of Conductor Faunfelder and
Engineer Slater, both of this city. The
two cars, comprising the special, were
as lavishly furnished and as complete in
every detail as money could make them.

The rear car was used as an observa-
tion car and sleeping apartments. The
forward car was used as a diner. Col-
ored servants were aboard and it is
doubtful if two better furnished
cars ever pulled into Janesville.

The officials have been over the
Mineral Point division and were on their
way west.

PASSENGER TRAIN STRIKES HAND CAR

ENGINEER CHARLES WARREN
ESCAPES INJURY.

Accident Happened This Morning West
of This City—Train Pulls Into
Janesville Twenty Minutes Late
With the Engine Badly Damaged—
Section Men to Blame.

That the morning Mineral Point
Janesville passenger train on the Chi-
cago, Milwaukee & St. Paul railroad
was not wrecked west of this city this
morning, is a miracle.

While running at a good rate of
speed, east bound, the engine crashed
into a hand car loaded heavily with
steel rails. Engineer Charles Warren of
this city was in the cab, and he luckily
escaped injury, as did others on the
train.

The force of the collision raised havoc
in the passenger coaches by people be-
ing thrown from their seats. No one
was seriously injured.

The accident happened near Monroe,
and is said to have been the fault of
careless section men who left their
car on the track and who should have
known that the passenger was about
due. When the iron horse struck the
hand car, the steel rails and cars were
soon in the air. The force of the colli-
sion broke every wood spoke in the
pilot aside from damaging other parts
of the engine. The air valves were also
injured and will have to be repaired.

This passenger train is due here at
9:07 o'clock every morning except Sun-
day. Investigation is now being car-
ried on and present indications are that
several employees will have extended
vacations.

The Glass Blowers

Backman's glass blowers at 18 South
Main street continue to draw immense
crowds of enthusiastic visitors with
their splendid exhibition. Saturday
will positively be their last day here and
on that afternoon children will be ad-
mitted for five cents. Each child will
receive a present. There will be 200
glass ships given the children.

Extra Special for Saturday.

Saturday we inaugurated a great chal-
lenge shoe sale. Every pair of shoes
will be sold at a general reduction. You
can rest assured that we mean to give
you some of the best shoe bargains
ever obtained. Our previous sales speak
for themselves. Wait for us; wait for
Saturday. Amos Rehberg & Co.

For the Good Roads convention at
Madison, Wis., the C. M. & St. P. Ry
will sell excursion tickets at a fare and
one-third for the round trip, Oct. 26,
good to return Oct. 27.

MUSTARD AND CRESS.—These whole-
some little salad greens are easily grown in
the winter in the house "window boxes,"
and, with very little trouble and care, they
afford a delightful summer salad in remote
localities where salad and other greens from
the tropics are not conveniently available.
The seeds can be had in almost any village,
and all the attention they require is a little
water daily and sunlight. Tomato plants,
and some are successful in raising a beauti-
ful harvest of that most delicious fruit.

RHUBARB PUDDING.—First make a plain
custard, then add two cups of strained rhubarb.
Have the custard hot before adding
the rhubarb to prevent curdling.

GEORGE E. COWAN PAID HIS DOMESTIC

JUDGE FISH RENDERS HIS
DECISION.

Mrs. Ursula Lackner of the Town of
Fulton Loses Her Case—Sued an
Estate For \$2,800 Back Wages—
Local Attorneys Were Interested
in the Case.

After two days of legal fighting in
the Walworth County court at Elkhorn,
the case of Ursula Lackner vs. the estate
of George E. Cowan came to an end yester-
day when Judge Fish found in favor
of the defendants. He granted a non-
suit holding that the plaintiff had no
cause for action.

Mrs. Lackner brought suit for the
collection of \$2,800 which sum she
claimed was due her for services ren-
dered Mr. Cowan as housekeeper in the
town of Fulton from 1859 till the end
of 1875.

At the trial at Elkhorn she alleged
that she went to work on the Cowan
farm when she was a girl going to
school. For labor performed Mrs.
Lackner alleged that she did not receive
what she was entitled to for the reason
that Cowan promised her his property
when he died which estate was
valued at \$8,000.

When Cowan died at his Ruger avenue
home in this city a year ago, he left all
his property to Miss Elizabeth Conroy,
who now resides on Ruger avenue.
Then Mrs. Lackner and her friends lost
no time in finding their way to the
office of Attorney E. D. McGowan, where
they engaged legal counsel to fight the
case, claiming that Mrs. Lackner was
entitled to back wages to the extent of
\$2,800. Twenty witnesses were exam-
ined at Elkhorn this week. From the
testimony the court found that the
plaintiff had been paid for her services
from time to time.

It is now said that the case will find
its way to the state supreme court.
Smith & Pierce appeared in behalf of
the plaintiff, and E. D. McGowan rep-
resented the defendants.

FRED C. SHERWOOD DIED THIS MORNING

WORKED IN RICHARDSON SHOE
FACTORY.

Resided in Janesville For Many Years,
Moving to Beloit Last Spring—
Funeral of the Late John Lienow
Was Held This Morning—Other
Deaths.

Fred C. Sherwood, aged forty-two
years, and a former well known local
resident, died this morning at his Elm
street home in Beloit. The cause of his
demise was dropsy and phresy. A
wife and four children are left to mourn
his loss.

Mr. Sherwood made Janesville his
home for many years and while here
was employed in the Richardson shoe
factory. When the factory moved from
this city to Menominee he accompanied
the firm to their new home but soon re-
turned taking up his home in the Line
City where he was engaged by the Foster
Shoe Company.

Mr. Sherwood was a member of the
Modern Woodmen of America. He was
a man esteemed by all and his demise
will bring sorrow into many Janesville
homes.

Mrs. Simon Simmons.

At 8:45 o'clock yesterday afternoon
Mrs. Simon Simmons, aged forty-five
years, died at the North Bluff street
home of her mother, Mrs. Cordelia Da-
vies. The cause of her demise was con-
gestion of the lungs. Beside an aged
mother, Mrs. Simmons leaves three
children, three sisters and three broth-
ers. Four weeks ago she arrived in
Janesville to receive treatment at the
home of her mother, but instead of
showing improvement her condition
gradually grew worse. For many years
Mrs. Simmons resided in the town of
Janesville, where she was beloved by all.
Funeral services will be held from the
North Bluff street home tomorrow af-
ternoon at 1 o'clock, the interment to be
in the cemetery at Mount Pleasant,
town of Janesville. Rev. E. H. Peace
will officiate.

John Lienow

Funeral services over the remains of
the late John Lienow were held this
morning from the North Main street
home, the Rev. W. A. Hall officiating.
The interment was in the cemetery at
Cooksville. The pall bearers were Peter
Sherer, W. H. Burchell, Nels Carlson,
M. A. Ott, Philip Reus and John Ehr-
linger.

Mrs. Randall Wright

Mrs. Wright, one of the pioneers of
Rock county, died at her home in the
town of Turtle, seven miles northeast of
Beloit, Tuesday, Oct. 17, aged seventy-
seven years. The funeral was held from
the house today and the interment was
in Beloit.

BY BONDS OF LOVE

Storm-Pettie.

Last evening at 4:30 o'clock, at St.
Mary's parsonage, Rev. Wm. A. Goebel
spoke the words which united as hus-
band and wife, Mr. Albert W. Storm
and Miss Carrie Pettie. The bride and
groom were attended by Miss Kate F.
Conway and Mr. George J. Pettie. Mr.
and Mrs. Storm are both well and
favorably known and their host of
friends wish them many years of happi-
ness.

HUMAN HEARTS COMING

Manager Myers Books Excellent Attrac-
tion at the Local Playhouse

"Human Hearts," the Idyl of the Arkan-
sas Hills, will soon be produced at
the Myers Grand opera house. Like
"Shore Acres," "The Old Homestead,"
and other favorites, time only increases
its hold upon the hearts of the people.
The prattle of an innocent child, the
tears of an old blind mother, the strong
love of a simple country girl, the trust
of a half wit, the love of an old time
negro, the passion of an adventuress
and the tender memory of a dead
mother or the past of the governor of
Arkansas are all cleverly intermingled
by the deft hand of the author of this
absorbing tale, of the Arkansas Hills.
Each successful season of this thrilling
play's annually increasing business has
induced the management engaging for
this season's production one of the
strongest companies ever organized in
one cast, and as a result "Human
Hearts" for the season of 1899 and 1900
holds the distinguished honor of paying
the highest salary list of any New York
attraction on the road of the same num-
ber (eighteen) of people. To the lovers
of a good play, not one of the list this
season will appear more strongly than
"Human Hearts."

FORTY THOUSAND DOLLAR LEAF DEAL

Stuart B. Heddles Makes
Large Sale.

FOURTEEN HUNDRED CASES
ARE INVOLVED.

New York City and Edgerton Parties
are the Purchasers—One of the
Largest Tobacco Deals Ever Trans-
acted in the Bower City—Stored in
This City and Clinton—Reported
Sale of Four Hundred and Fifty
Cases by Frank S. Baines.

Stuart B. Heddles, of this city, has
sold to William Spitzner, of New
York, and H. W. Child, of Edgerton,
his entire packing of 1898 leaf tobacco.
This transaction means the sale of
fourteen hundred cases involving an
outlay of between \$40,000 and \$50,000.
The deal was closed yesterday.

The purchased packing is mostly leaf
grown in Rock county and is a superior
grade of tobacco. In Clinton and
Janesville warehouses this tobacco is
now stored but the intention of the new
purchaser is to remove it soon to the
eastern market. Most of it will un-
doubtedly be shipped to foreign parts.

By the closing of this deal it means
the largest single sale of leaf tobacco
that has taken place in Janesville in
some time.

L. P. and J. Sutter of the firm of
Sutter Brothers, was in the local mar-
ket, and it is reported that they made
the purchase of four hundred and fifty
cases of leaf tobacco of Frank S. Baines.
The crop was of the 1898 growth.

SOLDIER HERE ON LONG CYCLE TRIP

REBELS ARE ACTIVE IN LUZON

Small Body of Skirmishers Attacks
Railway Patrol.

INSURGENTS EVADE CAPTURE.

Progress of Gen. Lawton's Northern Expedition—Pio del Pilar Said to Have Made an Offer to Sell Out the Filipino Army Under His Command.

Manila, Oct. 19.—Watson's Macabebe scouts encountered the enemy at San Mateo, near Arayat, Wednesday and attacked them on the front and flank, driving them out of the trenches and dispersing them completely.

Several Filipinos, including a captain and a lieutenant, were killed. A quantity of arms was captured.

The Macabebes had one man killed. Arayat, Oct. 19, via Manila.—A battalion of the Twenty-second infantry just before dark Tuesday evening crossed the Rio Grande rapidly by a ferry which had recently been established there. It carried with it supplies for a campaign of some days, these being loaded on bullock carts. Once across the river the command marched north for Butuan, and after proceeding two miles by moonlight a bivouac was formed for the night. The 200 Macabebe scouts under the command of Lieut. M. A. Batson moved across the river at midnight, carrying nothing except their guns and ammunition. By a rapid march around the command of Major Ballance they were able to appear on the north of Butuan at daylight next morning. They immediately opened fire on the rear of the town, while Major Ballance's troops attacked from the south. Lowe's scouts also moved at midnight up the other bank of the river and were ready to co-operate in the effort to capture the insurgents in Butuan.

Though entirely surrounded the insurgents managed to escape through the thick canebrake and none of them moving up to Cadloa, and a military was captured. The troops are now wire is being strung after them in order to connect the new front with the commanding officers at the rear. It is expected that San Isidro will be captured two days hence.

Offered to Sell His Army.
Manila, Oct. 19.—Gen. Otis has received messages purporting to come from the insurgent general, Pio del Pilar, offering to sell out his army and to deliver Aguineldo into the hands of the Americans. Although he is not satisfied that this offer is authentic, it is not improbable. The policy of Gen. Otis is firmly set against buying any surrenders. Pio del Pilar offers for the sum of \$50,000 to refrain from attacking Manila with his army; for the sum of \$250,000 he offers to surrender his army after a sham battle, both sides firing into the air, and for the sum of \$500,000 he says he will procure the overthrow of the insurrection and the capture of Aguineldo, Paterno and the other leaders.

In the course of the communication he refers to Aguineldo in contemptuous terms, indicating that strained relations exist between them.

THREE LIVES LOST AT A FIRE.

To antique firemen crushed to death under falling walls.

Knightsdown, Ind., Oct. 19.—Fire here Wednesday morning resulted in the loss of three lives and destroyed property worth \$100,000. The Masonic temple was consumed, together with the buildings occupied by E. O. Anderson, dealer in household goods; Green Brothers, saloon, and Davey Brothers, dealers in notions. Three members of the volunteer fire department, Truman Rhodes, Charles Scutter and Fou Davey, were fighting the fire when the front wall of a three-story building fell forward. They were caught by the falling bricks and crushed to death. The fire is supposed to have originated from an explosion of natural gas.

Millions Asked for War.

London, Oct. 19.—A supplementary army estimate has been issued, asking the house of commons to vote an additional 35,000 men and 10,000,000 pounds (\$50,000,000) in consequence of the situation in South Africa. It is explained that the 35,000 men represent the probable maximum excess beyond the establishments fixed for the year 1899-1900, and is in consequence of the calling out of the reserves and of the temporary transfer of the troops from the Indian to the British establishment. With the additional 10,000,000 pounds the army estimates are 30,617,200 pounds.

First Session a Busy One.

Joliet, Ill., Oct. 19.—At the annual meeting of the Presbyterian synod of Illinois about 200 delegates were present. The Woman's Home and Foreign Missionary societies of the church are also holding meetings in connection with the synod. Dr. D. Miller of Chicago presented a resolution, which was adopted, urging all citizens to support the movement to prevent the seating of Brigham H. Roberts, congressman-elect from Utah.

Scores Die in Norway Storm.

Bergen, Oct. 19.—It is now certain that in the hurricane that swept across Norway last Friday and Saturday thirty persons who were returning to their homes near Hangesund, southwest of Christiania, and upward of 100 fishermen along the northwest coast near Christiansund perished.

Bubonic Plague in Santos.

Rio Janeiro, Oct. 19.—The statement that the bubonic plague is raging at Santos is officially confirmed.

Elections Held in Belgium.
Brussels, Oct. 19.—In the municipal elections just held the liberals and socialists of the commune of Brussels have defeated the Catholics in the proportion of 26 to 11.

Delay on Modus Vivendi.

Washington, Oct. 19.—Because of the desire of Mr. Tower, British charge d'affaires, to obtain the approval of Lord Salisbury to several changes in phraseology—not affecting the general provisions, though—final action on the modus vivendi agreed upon by the governments of the United States and Great Britain has been deferred.

Kills His Family and Self.

Minneapolis, Minn., Oct. 19.—Frank Rabcock, a farmer living near Redwood Falls, Minn., Wednesday shot and killed his wife and three sons, and then committed suicide. Rabcock has been demented for some time, but had heretofore been supposed to be harmless.

Storm Fatalities in Montana.

Great Falls, Mont., Oct. 19.—The recent severe snowstorm caused four and possibly eight deaths, the victims being sheep herders. The snow is two and four feet on the level. A food famine exists at Burton, and the town of Chateau is without fuel. Cattle here frozen to death by scores.

THE SEARCH STOPS.

The Right Thing Has Been Found. A Janesville Citizen Shows the Way.

Once more we are indebted to a Janesville citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following:

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says: "My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the People's Drug Co., brought much longer for and gratifying results. At first there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

Doan's Kidney Pills for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, 'Doan's,' and take no substitute.

Ideal Milk Stands All Tests

The point brought up at a "Council" meeting some little time since, regarding the inspection of city milk, would, if enforced, find Ideal Aseptic Jersey Milk ready for any test. It is cooled and bottled in the most approved manner, bottles are scalded and thoroughly rinsed and each bottle fitted with clean, new, wood pulp corks. It will keep well and is perfectly pure. When cream forms on milk and becomes stringy it is impure. Ideal Milk forms perfect cream.

THREE GIRL EDITORS.

Interesting Family of Young Women Journalists in Missouri.

One of the brightest and most enterprising women journalists in the United States is Miss Perl Griffin of Maryville, Mo. Perhaps no woman journalist ever faced harder obstacles or greater dangers than this clear grit, level headed young lady.

On April 8 Frank Griffin, owner of the Maryville Daily Review, was shot down in the street while gathering news by a political enemy.

Frank Griffin was the father of three very pretty girls. Their names are Perl, Zoe and Lula, and the oldest one, Perl, is barely 23 years of age.

In 1894 Mr. Griffin saw an opening for a weekly paper at Parnell City. He bought an outfit, and in January Perl issued the first copy of The Sentinel.

Write for Free Book on Deformities and Diseases, Club Feet, Curvature of the Spine, Bronchitis, Catarrh, Cancer, Tumors, Etc., Paralysis, Epilepsy, Kidney, Bladder, Eye, Ear, Skin and Blood Diseases, and all Surgical Operations.

The work of gathering the news for a daily, setting the type and attending to the mailing was more than he and Lula could attend to, so they disposed of both the Parnell Sentinel and The Herald at Skidmore.

ward, and alternately they were assigned the work of gathering the news and editing the paper.

Boys' Suits ... \$5.00

... Sizes 3 to 16

We have hundreds of suits at lower prices, some at \$2 a suit and excellent value at that, but the suits that we are advertising at \$5 are more value for this price than we ever before heard of.

The Fabrics are absolutely Pure Wool Worsted.

The styles in some of the smaller sizes, 3 to 10, are beautiful in design and combination of trimming. The larger sizes are of course made with plain double breasted jackets.

All of them are sewn with practically unbreakable heavy silk and every exposed point is strongly reinforced.

All the profit that is made on these suits, the purchasers will have, for neither the manufacturers nor ourselves make enough to count. This is one of our efforts to give mothers and guardians unmatched value.

Rogers, Peet & Co.'s Suits and Overcoats

For Men are like the swell tailors in cities charge \$35.00 to \$50.00 for. Prices here—
